Hi Russ--there is no follow up meeting planned. If you recall at our meeting last week you were given until close of business today to produce any documentation you have to support your version of the events, such as emails stating the FDA was out of money. Those can be given to me directly or left in my mailbox before you leave today.

Thanks,  
Tracy

Who is David? Make it earlier in the day preferable today to get this over with, the stress you folks are causing me is having an impact on my work and health.

Thanks,  
Russ

It's not. David isn't available this morning and I won't be in until a little later.  
David and Linda are copied here. Why is 330 tomorrow bad?
